**HELPING JEWISH HEALTHCARE WORKERS AND THEIR COLLEAGUES GET
KOSHER FOOD DELIVERED DURING THE CORONAVIRUS.**

DONATE* NOW

Your generous contributions are spent directly on food deliveries to hospitals in the hardest hit areas of the country right now. Many Jewish kosher-keeping doctors, nurses, etc., who are working can't eat from the generously donated food that others can.

Thousands of dollars have already been raised, and many food shipments have already been sent to our heroes. Please give generously.

Shushy

I just wanted to let you know that the doctors working here said thank you so much they would not have eaten at all today if you hadn't sent that over
