

# Virtual Seder

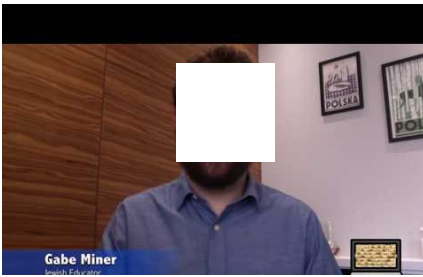

Welcome to Virtual Seder. Below you will find more than 70 videos from educators, scholars, and clergy from around the world and across denominations to help you enrich and enliven your seder.

The Passover Seder is a time to come together to recount, reenact, and reconsider the story of the Exodus from Egypt. Although many of us are sad not to celebrate Passover at the same table, technology allows us not only to expand our guest list, but also to think more expansively about how we tell this timeless story.

The video offerings are short (~2 minutes), so you don't have to worry about it taking too much time, and they end with a question, so that afterwards you and your guests can discuss and debate different parts of the story or Seder.

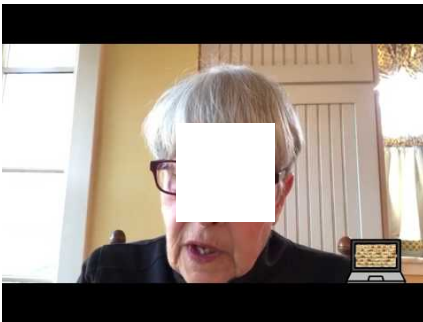

For more detailed descriptions of the offerings, please look at our [Virtual Guide](#).

Virtual Seder was created by Jewish educator Gabe Miner, initially for Passover of 2020 — the first Passover of the Covid-19 pandemic. We are pleased to be able to share Virtual Seder here on jewishLIVE for Passover 2021 and beyond, now with additional content.
