

In partnership with IKAR, a unique Los Angeles-based spiritual community, and in response to this year's physically distant Rosh Hashanah prayer services, the Federation proudly announces the *Shofar Wave* on September 20th!

We are asking shofar blowers from synagogues across the city to bring the joy outside so everyone can revel in the sound we wait all year to hear.

With the shofar serving as a symbol of hope and renewal — and the *Shofar Wave* as an extension — our Federation and IKAR are here to provide joy and community connection in a way only we can. This wave is a strong show of our unity — and our resilience in the face of adversity. Join us in leading our community in a feeling of pride and togetherness at this unique time of isolation.

We will start at 3:00 PM on the second day of Rosh Hashanah with the first set of *tekiot* (shofar blasts) from Pasadena and, upon completion, will set off another and another, culminating in final blasts in Thousand Oaks at 3:50 PM.

Below is a list of participating synagogues and locations around the city. Please make sure your synagogue is included! To add yours to the *Shofar Wave* or if you have any questions, please contact Melissa York at MYork@JewishLA.org (mailto:MYork@JewishLA.org).

It is imperative that everyone adheres to the rules of physical distancing and wears a mask to enjoy this community experience. In accordance with the Department of Public Health's public health protocol, individuals observing the shofar blowing should stand at least 12 feet

from the shofar, and maintain a minimum of 6 feet distance from anyone not in their household.

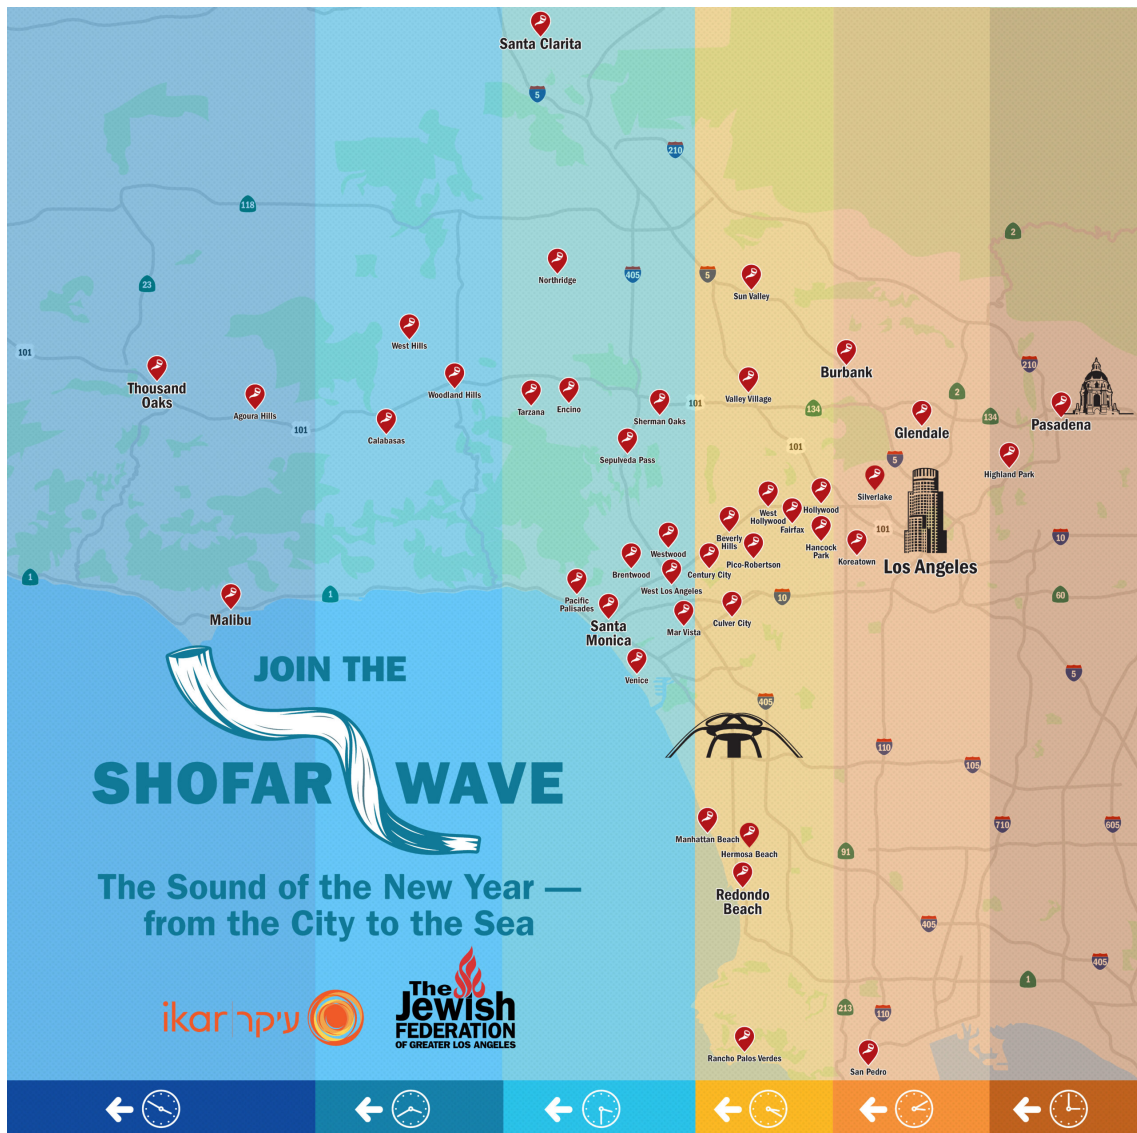

If your level of observance allows, please take pictures or video and share on social media using #shofarwave.

We hope to see you and wish you a happy, healthy, and peaceful New Year!

Synagogue	City	Corners	Time
