SPECIAL GUESTS & CELEBRITIES

IC is renowned for bringing together teen influencers, educators, thought and business leaders, musicians, and celebrities, and this year is no exception. Normally our IC lineup is kept a surprise until just before it starts, but this year we'll be sharing our community of special guests over time as IC approaches. Be sure to check back often on the [IC website](#) to find out who you'll see at IC this year—we can't wait to share what we've got in store.

ROUND THE CLOCK EVENTS & PROGRAMS

IC 2021 will offer a range of experiences that are both specific to local communities and simultaneously shared global events. Through a groundbreaking and interactive digital format, participants will have unique opportunities to tour Jewish communities throughout the world, engage in leadership training workshops and community service projects, participate in global gaming tournaments, connect with popular brands, visit an online marketplace, hang out in elevated Jewish enrichment and social spaces, reunite with friends, and build lifelong connections.

QUESTIONS? WE'VE GOT YOU COVERED

We're breaking new ground and making history together at this year's IC, and that means you might have a few questions. [Check out our FAQs](#), and if you don't find the answers you need, we're always here to help at azabbgic@bbyo.org.
